Chief Secretary to the Government
of Mysore, Bangalore.

Sir,

Adverting to Government Order No. 8376-9 Sany. 71-16-2 dated the 28th June 1917 sanctioning the proposal of the Malnad Improvement Committee to appoint two teachers in the Tirthahalli taluk for a period of six months to impart rediments of Edn. to poor and ignorant people and calling for a report at the end of the period as to how far it has proved successful, I have the honor to state that two trained teachers, deputed by the District Inspector ofEducation, were employed in the Tirthahalli taluk from 1st December 1917 and a regular programme of work was drawn up for the purpose in consultation with the Amildar having due regard to the educational requirements of the interior parts of the taluk, where the boys were backward in Education.

2 These teachers visited villages as per programme, held classes for a few days in each vil-lage and then proceeded to the next village, when grant-in-aid teachers took up the work. These

educationists visited 12 villages each and held classes on an average for over 7 days at each vil -lage. They gave instruction in the three R's to 433 boys and 100 girls. With a view to assure continuity of work and to attain satisfactory results, this method of work was resorted to at the very outset.

3. A note drawn up by the Secretary in the matter was considered by the District Committee of Shimoga and a resolution was passed to the effect that a recommendation might be made to Government for continuing the scheme as now worked for a fur- ther period of one year in the malnad taluks of Tirthahalli, Sagar and Nagar. A copy of the Re resolution passed by the committee and a copy of the Secretary's note are submitted herewith for perusal.

4. The cost involved by the proposal will be borne by the committee out of the funds at their disposal by means of re-appropriation, if need be, under the provision in the programme under "Dissemination of knowledge". I request that sanction of Government may kindly be obtained to the proposal of the committee.

5. As regards the report called for in para 2 of the order under advertence, I have the honor to state that 170 lectures were delivered by the V.E. School masters since the beginning and a remuneration of Rs 85/- was paid to them out of the Malnad Improvement funds. The scheme

is gaining popularity; and wide publicity has been given to the order among the V.E. School Masters in the malnad. These teachers were also supplied with copies of pamphlets issued from time to time by the Malnad Improvement Committee.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner & Chairman,

Office of the Malnad Improvement Committee, Shimoga.
Dated Shimoga the 20th Decr. 1918.

Memo.

The Malnad Improvement Committee of Shimoga proposed at their meeting held on the 24th Novr. 1917 the appointment of two peripatetic teachers for each of the taluks of Sagar, Nagar and Tirthahalli and the Government in their Order No. 8376-9 Sany. dated the 28th June 1918 directed that the scheme may be given a trial for six months in the Tirthahalli taluk and a report submitted at the end of the period as to how far the scheme has proved successful.

2. Two trained teachers, Y. Tamaiya and S. Ramaniah were deputed for the work by the District Inspector of Education, Shimoga. These teachers worked directly under the Amildar from 1st December 1917 A regular programme of work was drawn up.

3. These teachers itinerated especially in the part of the taluk wherever the boys are backward in education. The teachers held classes in 12 centres each and gave instructions in the three R's to a total number of 433 boys and 100 girls.

4. With a view to ensure continuity of the teachers work arrangements were made for the entertainment of an aided school master in each centre where the itinerant teacher held his classes. The practice was for the teacher first to open his school in a backward locality gathering all available boys and girls of the locality and when there was an appreciable attendance admitting of the school being converted into an aided one. the

teachers place would be taken up by an aided school master. The teachers would then pass on to another locality.

5. This has been found by experience the only way to make the scheme a success. The teachers were peripatetic in as much as they had to itinerate from locality to locality and the brief periods of stay they made in each centre were indispensible for the popularizing of the teachers work.

6. The scheme has been quite popular in the Tirthahalli taluk and the Amildar has recommended that it may be continued for another year.

7. The original spirit of the scheme has been kept in tact by making the school master to visit each centre but its letter has been departed from because of the fact that the continuity of work could be ~~xxxxxx~~ assured only by the arrangements now given effect to.

8. The present method of working the scheme has been found by actual experience to be quite successful and conducive to the spread of elementary education in the most interior parts of a purely malnad taluk such as Tirthahalli.
